# 1.5 Choose and train your team

---

## Alpha Host

May also host a small group but primary purpose is to welcome guests and make them feel comfortable

## Technical Support

Admits guests at the beginning of the session, shares the video and assigns people to breakout rooms.

Does not have any other responsibilities as it's better for them to be free to troubleshoot any problems.

## Small Group Hosts and Helpers

The role of the host and helper during online Alpha doesn't change much.

The group host may need to be a bit more energetic and dynamic than they are in person to help maintain energy within the group. They will also need to keep an eye on the chat window for any comments, etc., that come in that way. This platform may help those who are more reserved or a bit quieter to actually speak up and participate in discussion.

Helpers can also moderate the chat window for those who may choose to participate that way. Some churches find that guests participating in online Alpha are willing to be more vulnerable and groups may delve into deeper conversation more quickly than they are otherwise used to.

## Be Aware

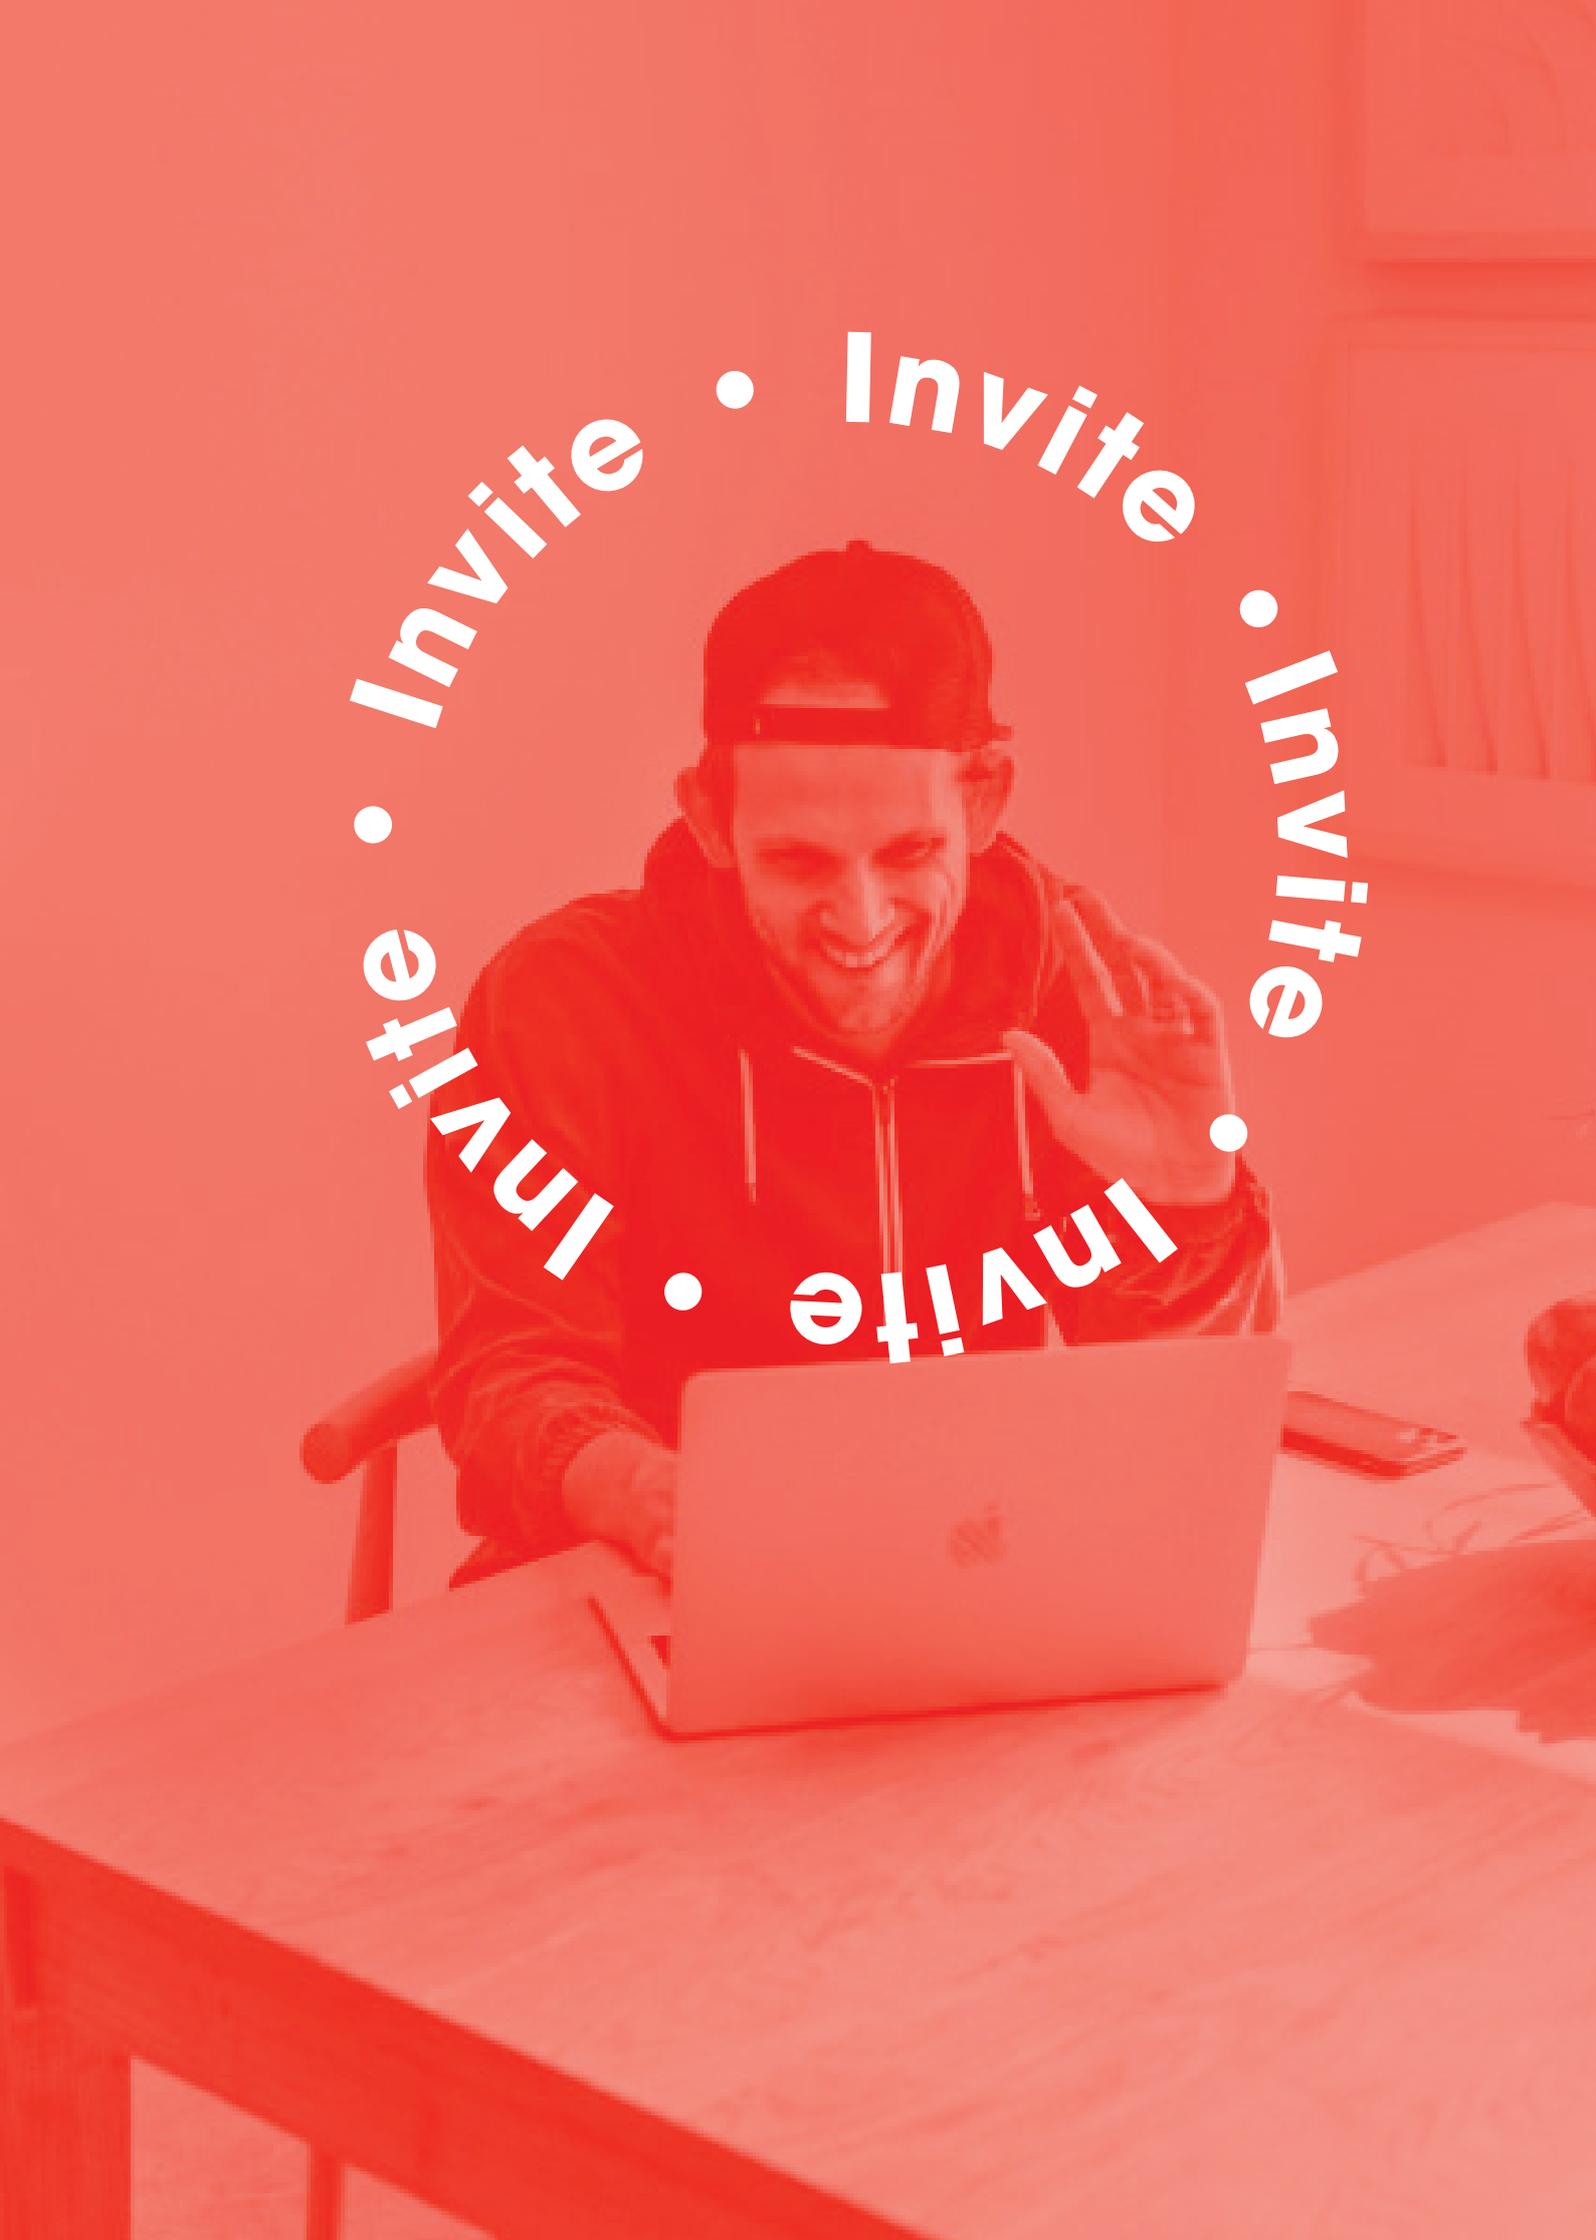

Some churches have found that guests tend to feel more vulnerable online than in person. Prepare your hosts so they can expect this.

## Group Size

We recommend small groups of no more than 8 people (6 guests + Host + Helper) and that the discussion lasts no longer than 30-45 minutes.

## 3.1 Welcome

---

Open Zoom using your meeting invite and begin the call

It's best to have all guests enter via the Waiting Room. Admit your team first in time for your Team Meeting and prayer.

Allow a few guests to build up in the Waiting Room before you begin to admit them. It's less intimidating than a lone guest arriving and facing the entire team.

As guests to join, engage them in friendly conversation.

Once everyone is on, explain the importance of muting.

## 3.2 Zoom Etiquette

---

Ask all guests to be on video, not just audio

Ask all guests to join in a quiet environment if possible.

Ask guests to rename if they are not being listed as their name. This makes it easier to assign participants to breakout rooms.

In the Breakout Room ask all guests to unmute during discussion (unless in a noisy setting). This allows for more organic, free flowing conversation.

# 3.3 Handy Zoom Checklist

---

## Before You Start

Check your connection

- What plan are you on with your internet service provider?
- What speeds can you access?

Close down everything you don't need, especially browsers, for the Zoom call

- This will make your computer run better
- Maybe reboot your computer before the Zoom call

Check your software

- Ensure web browsers are updated
- If you are having trouble, try an alternative browser (Chrome, Firefox, Edge, Safari)

Understand that different devices have slightly different functionalities

- Mac vs PC; Desktop vs laptop vs tablet vs phone
- Therefore the buttons will be in different places, but should all be there

## When You First Join The Call

Ensure that your name is your correct name on the screen that you wish us all to see

- Sometimes if we use different accounts or our phone/tablet it can be a bit random

- To speak: 3 options to unmute
  - Hover over your pic & click with mouse
  - Use ALT-A on keypad
  - Press space-bar & hold down

Check you have your video on so we can all see each other (at the start).

- You can turn your camera off (Stop Video button) when the Alpha talk is playing (helps with bandwidth). But please turn on again at the end
- You can change view to see everyone - Speaker view > Gallery view.

Use the chat function to connect, comment or ask questions

Check your background (not distracting)

- Noise (levels)
- Lighting (can we see your face clearly?)
- Virtual backgrounds (some devices / cameras don't work well with virtual backgrounds)

Mute yourself – especially when the video is playing to eliminate any background noise or potential audio feedback. During the discussion often it is easier to have yourself unmuted for flow of conversation, however, your host will let you know if there's feedback or sound issues that require guests to be muted.

Check your presentation

- Are you looking into the camera? ie not at the tv or screens, if they are in a different position to your camera. Phone users can often hold their devices low, so we are viewing up their nose
- What are you wearing?

Remember, you can do everything right and have some things not work. The good news is that even if some things go wrong, you can still have a great session!

# 3.4 Hospitality

Even though groups are meeting online, you can still put a strong emphasis on hospitality to help people connect.

Suggest that your guests prepare themselves their favourite beverage to enjoy during the call like a cup of tea or coffee, and some snacks. (Especially for the weekend sessions.)

**Engage from the start**  
Make sure either the Alpha host/MC or group host is engaging right from the beginning of the online session – saying hello to people, asking questions, telling jokes. Avoid the silence and keep excitement and enthusiasm high.

**Chat lots**  
Encourage hosts, helpers, and guests to utilise the chat functionality to comment and ask questions during the video as well as during discussion time when others are talking.

**Short and sweet**  
Churches have found that in an online format, people start to lose interest at around the one-hour mark. We recommend keeping the full session to around one hour.

**Check in**  
Check-in if someone missed a session. A good way to do that is to send them a link to view the episode they've missed.

**Open lines**  
Some people also like to set up a Messenger or What's App group that can provide instant communication if someone is experiencing difficulties like a problem logging into the meeting or the video isn't playing well for them.

**Reminders**  
Email or text your guests on the day of each Alpha saying something like "Looking forward to seeing you at Alpha tonight at 7.30pm." Include the Zoom link for the session.

# 3.6 Alpha Retreat

Also known as the Alpha Weekend or Day Away. Here are some suggestions on how to schedule this. Remember these are only suggestions and not prescriptive. You may need to adapt it to your own context.

# 3.7 Prayer Ministry

---

## Alpha Host

Gives guests the opportunity to become Christians by praying 'Sorry, Thankyou, Please'.

Shares any words of knowledge that the team has received then prays over all guests and offers opportunities for individual prayer and tells them that their small group hosts will contact them to see if they want prayer

## Alpha Helpers

Ask each guest by private message if they would like prayer. If so they arrange a time for a separate Zoom call that afternoon.

### A note about worship and copyright

Your church will probably have a blanket licence (like CCLI) but you need a specific CCLI streaming licence. There is also one license which covers older hymns.

NOTE: As at September 2020 Hillsong have removed the copyright on their material so that churches can stream YouTube videos of their songs.

## 3.8 Icebreakers

---

Describe yourself game (replace name game) – 30seconds to find an object that best describes you, share in turn.

If you were trapped on a desert island (isolated at home and can't go out), what one thing (and one person?) would you take with you.

Do you squeeze the toothpaste tube or roll it? What's the advantage of your method?

When was the last time you square-danced or line-danced? Rate your dancing ability on a scale of 1 to 10.

What's one fashion trend you hope never comes back? Which ones have come back that you wish hadn't?

What magic tricks do you know? Perform one now.

Do you have a collection? If so, what do you collect and why?

As a child, did you ever peek into a wrapped gift before you actually received it? Did you ever get caught? Explain the details.

What room in your house best reflects your personality? Why?

Who's the most famous person you've ever met? What famous person would you most like to meet?

What's your favourite kind of candy?

What's the wackiest belief you held as a child?

Which movies have you watched over and over again?

## 3.9 Games

---

Pictionary with the Random Word Generator

Charades game (everyone to come up with a word themselves)

Trivia with the Random trivia generator - <https://www.randomtriviagenerator.com/> (take time to play around with it– click on the plus, you can do rounds and do this via a screen share. Get everyone to do an honours point system)

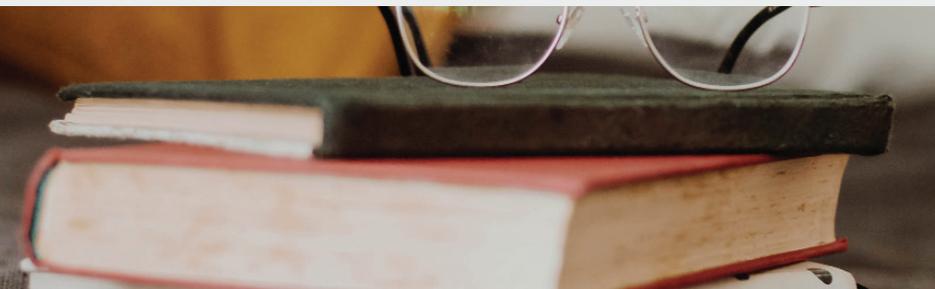

<https://www.triviaplaza.com/miscellaneous-general-quizzes/>

## 4.0 Get Creative

---

Offer a Skip the Dishes / UberEats gift voucher as a prize to one of your guests

Suggest every guest bring their favourite book to show and talk about for 1 minute

Hold a "best dressed" night or a night where you encourage everyone to wear the same colour or their favourite hat

Encourage your guests to fix themselves their favourite beverage before the call start

At the end of the meeting, play a spotify song and have everyone "dance" off the screen before you end the meeting
